**ABM Equipment & Supply is a major distributor, supplier and manufacturer of truck mounted equipment designed for the utility, communication, municipal, refuse and construction industries founded in 1980. The highway manufacturing division of ABM builds pressure diggers with capacities to dig depths of 60'.**

**ABM was working with Synergistic to purchase and implement MAS 200 Accounting and JobOps applications. Synergistic recommended Solbrekk for the IT Network upgrade and implementation. Solbrekk implemented MAS 200 & JobOps on a Windows 2003 server and migrated the data from the old system. We implemented terminal server with most users running thin-client off the terminal server.**

**Charlie Prescott stated "Solbrekk has fabulous people. They were always responsive, either answering the telephone or returning my calls promptly. The communication, project management and teamwork between Synergistic and Solbrekk was excellent." Jerry Weiler stated "Charlie and his associates had a great attitude, focused on getting it done and helping out whenever needed." Larry Phelps stated "Charlie and ABM did not take any shortcuts. They were very thorough in making their decisions and set realistic expectations based on the size and complexity of the project."**
